

SATISFACTORY ACADEMIC PROGRESS FOR UNDERGRADUATE STUDENTS RECEIVING FEDERAL FINANCIAL AID

Students must be making satisfactory academic progress towards completing their degree in order to remain eligible for federal financial aid at City Tech.

There are three components to City Tech's satisfactory academic progress standard:

A. Minimum GPA – achieve at least the GPA required to meet the College's minimum retention standard. If enrolled in a program of more than two years, must have a GPA of at least a "C" or its equivalent or must have an academic standing consistent with the College's graduation requirements.

While a student is enrolled at City Tech, his academic performance is continually evaluated so that the student and the College can determine how the student is progressing in his studies. The evaluation is based on the student's cumulative Grade-Point Average (GPA). Students, who do not meet the College's minimum retention standard below, may run the risk of academic probation or dismissal.
